

## Secretary's Report

This year has been filled with news of the pandemic and continued uncertainty. However, during these trying times, we have seen neighbors support each other through acts of kindness. Whether it be through running errands, picking up groceries, or just checking in, Cherry Creek Springs neighbors have been willing to step up and help each other. I hope this new-found spirit of friendship and community will continue throughout the years to come.

We have also seen continued community growth with the addition of new homeowners and new home construction. While the pandemic has many of our homeowners working from home, many of our neighbors are sprucing up their homes with new decks, barns, and other upgrades throughout the community. The Common Area Maintenance Committee has also implemented many new and upgraded features within the common areas. We appreciate the hard work and dedication of the community volunteers and hope you will take time to enjoy these areas during the Fall season.

Due to increasing work commitments, I will not be serving another term on the HOA Board. Over the last four years, it has been my pleasure to support the Cherry Creek Springs community. It has been rewarding to serve alongside Norm, Jim Bowlin, Doug Walters, and Jennifer Lorme. While the position of Board of Director can be challenging at times, I believe my fellow Directors and I have consistently made decisions in the best interest of the community. Remember, this is your community; reach out to the Board if you have suggestions, accolades, or concerns. I encourage each homeowner to serve their community in some capacity, as it will have a lasting, positive impact on the Cherry Creek Springs community.

I hope to see you all out and about in the community enjoying the beautiful Fall weather.

Joy Griffin

CCS HOA Secretary
